

CRAZY LOVE

Building God's Church Through Relationships
Matthew 9:36-38

The Relationship Principle

A growing church must incorporate relationships into every area of ministry.

Pray:

Make a list of five people who the Lord has laid on your heart. contact them by phone and tell them you are praying for them.

Connect:

Pray the list, then send a card or make a call of encouragement....do something for someone every day letting them know you really care.

Contact:

Work the list. Make a personal visit. continue to stay in touch. Invite them to your home for fellowship or to a church service or activity.

Love:

Build a relationship. have them in your home for fellowship. Love them into the Kingdom of God.

Write down the names and the phone numbers of five of your unchurched friends, relatives or occasional attendee you want to "love" into the Kingdom.
